

Now There's an Easier Path to EHR Adoption

Introducing Vision's Electronic Health Records (EHR) Compliance Guarantee Program

With the Health Information Technology for Economic and Clinical Health (HITECH) Act passed into law, it is even more critical for surgery centers to make smart investments when it comes to healthcare technology and to know the right decision has been made.

SourceMedical's Vision EHR Compliance Guarantee Program reduces the investment risk of purchasing an EHR by guaranteeing our Vision EHR software will meet the requirements outlined by the Office of the National Coordinator for Health Information Technology (ONC) for use of an approved EHR in an ASC.

Our Vision EHR Compliance Program Guarantees the following:

- For a period of 4 years from the effective date of your Vision EHR license agreement, SourceMedical guarantees that its Vision EHR will be compliant with the federal certification requirements issued by the ONC.
- In the event that our Vision EHR fails to meet the certification requirements by any date falling within the 4 years of the effective date of your license agreement, SourceMedical guarantees it will resolve any reported compliance issue(s) within ninety (90) days following written notification.
- If SourceMedical fails to meet the federal certification requirements issued by the ONC within 90 days of written notification, SourceMedical will refund the full software license fee, less the value of costs associated with hardware, support, database reparation, data conversion, 3rd party software, form design or training services you may have received.

To be eligible for the Vision EHR Compliance Guarantee Program:

- Your facility must be eligible for participation in the federal program and/or receive grant money under the federal program.
- Your facility must be using the current version of Vision and Vision EHR and must be in good standing with SourceMedical, including all license and support agreements and invoices.

Finance Options

To further ease the financial burden for clients interested in deploying an EHR system, we are pleased to introduce several new financing and subscription options for both Vision and Vision EHR. Our flexible financing program can help your facility move forward with the EHR it needs, more easily than ever before.

To learn more about our Vision EHR Compliance Guarantee Program or finance options, please contact your Account Manager, call us at 800-719-1904 or email us at info@sourcemed.net.

About SourceMedical

SourceMedical provides outpatient information solutions and services for ambulatory surgery centers, specialty hospitals and rehabilitation clinics nationwide. With a 30-year track record and more than 4,300 satisfied customers, SourceMedical is the trusted source for innovative applications, in-depth industry expertise and unsurpassed customer service. The company's unique, end-to-end systems improve operational efficiency and cash flow while enabling healthcare facilities to deliver a higher quality of patient care.
